James J. Schmitt, Mayor
City of Green Bay
100 N. Jefferson St.
Green Bay, WI 54301

Dear Mayor Schmitt:

I am pleased to inform you that the your municipality has been delegated commercial building code enforcement authority, in accordance with s. SPS 361.60(2)(c), to provide plan review and inspections in lieu of the state for all commercial building projects, regardless of size, in your municipality. An exception to this delegation is that our agency retains jurisdiction for plan review and inspection of all state-owned buildings. This delegation also does not include fire sprinkler or fire alarm plan review delegation, which you may request as a separate delegation.

Per s. SPS 302.31(7)(g), you are obligated to remit to our agency on a quarterly basis a fee per T. SPS 302.31-3 for projects that exceed the size limits of s. SPS 361.60(5)(c). You are also obligated to retain a WI-registered architect or engineer, who also possesses the WI commercial building inspector credential, to perform or supervise the plan review of such projects.

We will periodically monitor municipalities and request activity reports to ensure that our delegated responsibilities are being properly fulfilled by the municipality. We do require that delegated municipal code officials attend agency-approved continuing education to maintain their certification. Municipalities are always free to relinquish their delegated authority at any time with proper notice.

I understand that Robert Cormier will be the primary code official responsible for enforcement and has the proper certification to do so. Your code official's contact information is:

The Division of Safety and Buildings looks forward to working with you.
